

Simon Braker Sunday May 4<sup>th</sup> 2008.

Just as you heard the cry of the baby, so I have heard the cry of your heart & I will not pass you by. But I will visit you with the spirit of Jesus & I will respond to the cry that's in your heart. There's been a cry in your heart that's gone back years & years & years & you have said "When Lord? When Lord? When Lord?" The Lord says I have heard your cry. Prepare yourself for I will not pass you by.

The Lord gave me a word at the beginning of this year & He said; "This is a year where I'm going to blend the seasons. You are going to be pruned, you're going to be fruitful & you're going to grow all at the same time."

Some of the word that the Lord gave me was about a building but it wasn't this building as the building I saw had windows all around the top. You must be going into a new building. The Lord is saying that this building isn't big enough!!

I felt like the Lord was saying, there is going to be a two month preparation time & what the Lord said to me is:

"You are going to have two months of visitation, & the two months of visitation are to prepare you for what's going to be inhabited. The Lord is saying to me it has already begun that there's been time very recently where you've had visitations of the Spirit & at times you've felt like its just outrageous.

There's going to be 2 months where God's going to visit, not just on a corporate level, but also on an individual level, that if you'll just position yourself, the Lord is saying that He is going to break into your life. You are going to find that there will be seasons of outrageous encounter.

The Lord is saying; "don't think that that is your destination. That's just the step towards your destination."

A week or so ago, the Lord took me in the Spirit & showed me the face of a Lion. He took me right into the face of this lion until I could see into his eyes, & there was fire in his eyes. There is fire in his eyes for you. That fire in his eyes isn't going to stay in his eyes, it's going to come into your eyes & it's going to break out into this place & out of this place. You will look back at this moment & you're going to see it as a transitional moment. You'll look at the history of LCF & you are going to see that this really is the beginning. 2008 is the number of new beginnings & this really is going to be a time of new beginnings for you. It's going to be something of an entirely different order.

So the Lord took me in the Spirit. For the last few days I've been seeing a giant zip over LCF it was slightly open & I could see gold shining through the gap. There's been some measure of outpouring. The Lord is saying "Get ready for the next two months are key months as He's about to unzip Heaven & release a blessing so large that you will not be able to contain it."

It will not only hit Leicester but it will also hit the region. People will come from miles away to meet with God. The Lord began to speak to me about a 3<sup>rd</sup> generational blessing. He said to me; "To this point there have been 2 outpourings of the Spirit in your history as a church." What He's talking about is significant outpourings. Staging post outpourings. But you are about to enter into the "Mother Load" - "The Mother Load!!" For there's been the 30 fold, the 60 fold but now there shall be the 100 fold anointing. Then he spoke to me about this generational blessing, that He's the tri-generational God, the God of Abraham Isaac & Jacob.

The Mother Load is coming to Leicester & God is giving you guys the honour of being one of the gates through which God is going to enter. Something else the Lord said to me - you are going to be called Gateway Fellowship. I don't think an actual change of name is what He's talking about. There's a change of name in the sense of what you'll be known as. You are going to be known as a gateway. You are going to be known as an entrance point, & you need to understand that really God has positioned you to receive something awesome.

#### Gen ch27 v27

Jacobs's passion resulted in him gaining the birth right of the first born, so that which was 2<sup>nd</sup> became 1<sup>st</sup>. Jacob's passion opened the door for him to inherit the blessing of the 1<sup>st</sup> born that that which was 2<sup>nd</sup> became 1<sup>st</sup>. The Lord spoke to me & He said; "You are not my 2<sup>nd</sup> choice but you are my 1<sup>st</sup>. And upon my 1<sup>st</sup> choice I shall release my blessing."

God wants to reaffirm you as a church, as a leadership that you absolutely know that you are not filling the gap because somebody else didn't do the job properly but actually you are His 1<sup>st</sup> choice. He's positioned you as first choice so you can receive the fullness of the 1<sup>st</sup> born blessing. We aren't talking about physical blessing but the blessing of Heaven coming down upon you. I believe the Lord is saying; "There has been a release of that - there's been a revelation that we're the 1<sup>st</sup> born"

That's your launch pad - NOT your destination.

There are churches that camp there, but God doesn't want you to camp there. God wants that to be your starting point because inheritance is never your destination, inheritance is always your launch pad. It's where you start.

You know when you transition from having something as your ceiling becoming your floor you need to move the garbage out of your mind so you can inherit & enter into a new realm. God's bringing about a generational shift, a cultural shift, He's bringing about a world view shift where church is no longer viewed as something where people sit around listening to a message but they come together to receive an equipment so that they can

invade the nations & turn the nations upside down. God's not into having revival meetings, God's into transforming nations, He's into setting people on fire, He's into turning nations upside down, He's into raising up an army, an invasion force. A whole generation is going to rise up in our generation that will no longer look at themselves as going to church but will see themselves as an army that's going to war, being sent from the kingdom of God, to possess the land for the Kingdom of God. We are not called to hide inside buildings; we are called to possess cities & takeover Nations.

### Genesis Ch28 v3

God's raising something up in our generation that the church no longer looks at itself as a sub-culture. A sub-culture is something that exists underneath the existing culture & just goes with the flow. What God's raising up in our generation is not a sub-culture but a counter-culture that no longer looks at the City as being something we live in but we're not staying but the City is actually something we possess.

If you went home today & somebody had reversed a garbage truck into your front room & had emptied garbage into your lounge, you jolly well wouldn't stand there & say "Oh well, get on with it!!" Why? Because it's your territory, you own it, & nobody's pouring garbage into your house! Well God's bringing about territorial revelation that we're no longer prepared to allow the devil to pour out his garbage into the city, but we possess the land & say "This is God's land. This is God's city. Leicester belongs to Jesus!!"

There's a revelation of thinking that God wants to bring into your life, that you're not thinking like somebody who needs to break through the spiritual atmosphere but you're somebody who carries a spiritual atmosphere. I'm not a product of the atmosphere of the City but the City is becoming a product of the atmosphere within me!!

The Lord said to Jacob "You shall become a group of people." That word is "Kawhawl" it means war or invasion force for religious purposes. We are going to have a war!!! God's turning the church into a group of people that are an invasion force for the religious purpose of the Kingdom of Heaven coming to earth, that the kingdoms of this world become the kingdoms of our God. This is what He's calling us to be. There's a sense of war rising within the body of Christ at the moment. The Lord has blessed you as an invasion force to possess the land. The reason God has anointed us is not for meetings but to go out & possess Cities. The only reason the devil owns Cities is because the church is not owning cities & the only reason why there is a territorial spirit over a city is because the true territorial spirit isn't reigning - which is the church. Ephesians ch3 v10 says "Through the church the multifaceted wisdom of God should be demonstrated to rulers & principalities."

I got on a tube train a couple of weeks ago & a fat lady came & sat next to me. She didn't ask me to move - her mass moved me!! There's something

about the size of what God is, that He doesn't ask people to move aside He just arrives.

#### Gen Ch28 v15

"Behold I am with you & will keep watch over you with care & take notice of wherever you go. & I will bring you back to this land & I will not leave you until I have done all of which I have told you."

God is releasing a blessing of His presence that will remain with you until the land is possessed! There have been decrees that state "I am here to guard the presence & I am going to remain." The Lord is actually releasing a presence to you so that you can possess the land & that presence which is currently something you enter in to, is going to become your new norm.

The definition of culture is - "something that's deemed to be normal." What we are entering into is the way it's always meant to be. The church has always meant to be an invasion force. The church has always meant to be a place that possesses Cities. There is a revelation of the authority of the church being released right now. Anyone who has an ear to hear it is going to enter into a level of authority, anointing, breakthrough that's going to so outshine everything else.

I could come in here with a little torch, turn it on & there would be a measure of light. But when someone brings a flood light in, the new light surpasses the previous light. It isn't that the old light isn't good; it's just that the new light is greater. We don't take the old light & throw it out the window & say the old light's rubbish, let's get rid of it. But we say "Father, thank you for the old light but we embrace the new as well."

#### Gen ch28 v17

This is the House of God. We need to let that word enter our spirits & say "We're the house of God."

This is the gateway of Heaven. We need to come into that revelation that actually what God is declaring over your destiny as a church is for you to become a gateway, an entrance point. When I moved back to Leicester the Lord said to me "I want you to move back to Leicester because it's a gateway."

The result of the visitation was the renaming of a City. Do you know what Leicester is named as? Do you know what decrees are made over Leicester? The decrees made over Leicester are that it will be a Muslim city by 2012. But there is someone with a greater decree that's being named over Leicester & it shall not be known as the first Muslim city but we decree that Leicester shall be known as the first Christian City. A city transformed for the Kingdom of God. There's a revival coming, there's a revival coming, there's a revival coming!!!! There's a shift that's taking place, there's something happening in the people of God. There's anticipation & an excitement.

### Gen ch29 v1& 10

There's been a declaration over Leicester that it's going to take a measure of unity for there to be an outpouring. But the Lord releasing to you a grace, because of the fact that your heart has come to a genuine concern for the city, He's going to enable you to access something which isn't only going to water LCF but going to water the whole region, the whole city. He's giving you grace to shift burdens that have not been shifted before. He's giving you access to something that has not been accessed before. There is something that's starting to happen in the spirit. There are glory spots. What the Lord is saying is that because of your faithfulness to just persist there's something that's going to happen that this entire place is going to be a glory spot. It's going to be a gathering place where people are going to get watered, where people will have encounter & they'll be sent out.

### Gen ch30 v27

The blessing in Jacobs live broke out to such a degree that it started breaking into the market place. Jacob was keeping sheep, he's working with Laban (an unrighteous man), but the blessing on Jacob's life was at such a level that those who were in the market place started to recognise that this breakthrough of anointing that's happening in the church isn't staying in the church any longer. It's going into the hospital, it's going into the schools, it's going into all these places & the blessing of God is beginning to manifest.

There's something about what God is releasing right now that it isn't contained to a meeting but it's creating a culture for the Kingdom of Heaven to break out. You go through the bible & there's more miracles break out on Jesus' way to a meeting than in the meeting itself.

### Gen ch32 v28

There's a blessing that's coming that will no longer be defined by the gifts of the Spirit. The gifts of the Spirit are like the prophetic trumpet that announces the arrival of the King. But when the King arrives no one needs to say that the King is here. There's a visitation of God that's coming to you that nobody's going to need to say He's here. There's something about the glory, the presence, the breakthrough that God's bringing right now that is not going to need to be defined to anybody.

Last night, the Lord was disturbing me. God's going to disturb our tidy, polite, packaged Christianity. The time for nice polite meetings with clever preaching is going to be kicked into touch. God's not going to get you out of the boat, He's going to blow the boat up. There is no boat! The boat has gone!! We're church on the edge, I can't remember the last time I saw the edge. To be honest, I have no desire to find it again. This is far more exciting.

The Lord takes me into a dream last night. I saw again the zip, this time it appeared as a giant bag. I then understood it was a bowling ball bag. I could see through the gap that there was a golden bowling ball. As I watched I could see that the weight of the bowling ball was beginning to

strain the zip. I heard the voice of Heaven saying; “Heaven is about to bowl a strike.”

There’s going to be a strike. Something’s going to happen in the very near future. There’s going to be something in the natural realm that’s going to release Heaven. There’s a release that’s coming.

In the night I saw the golden ball heading towards LCF building at high speed. When it hit, I came to understand that the ball was not solid but made of golden oil. When it hit the ground it broke open & flooded the room to such a degree that it smashed all of the windows & began to pour out into the streets. When this hit the ground & broke open, it just kept multiplying to such a degree that it poured onto the streets. I don’t think it’s any coincidence today that David felt led to take you out onto the Car Park & dance in the Car Park. God always reveals what He’s going to do through His prophets.

You’d better get ready cause God is about to break loose in this place like you’ve never seen, never imagined, that you can not contain it, it’s going to turn your life absolutely upside down, it’s going to break everything that’s ever been restrictive.

So being the kind of guy I am, I asked the Lord a few questions. I asked “Why now?” He said to me “It’s a matter of stewardship. Those who chose not to camp upon or try to own what I release in small measure shall receive the Mother Load.”

The weight of this thing is such that even if Heaven wanted to contain it, it can’t. You see the zip can’t be talking about Heaven can it? Because Jesus has opened the way - you see the only possible thing that could be acting as a restriction would be flesh, or the demonic. But you see the weight of what God is releasing now is just so much greater that no principality, no power, there’s no mindset that can resist it. God is about to invade. God is about to be released.

Then He said to me “The Mountain of visitation is for the valley of confrontation. This anointing is not just to gather & bless, this anointing is to gather, bless & send.” So the Lords saying to you that you’ll come together not just to fall on the floor, have a laugh & go home but you’ll come together & you will receive an anointing that will bring about such an impartation that wherever you go, transformation will begin to happen.

I asked the Lord “When?” He said you have 2 months. (I was not aware that Todd Bentley will be here in 2 months!!) Let the anticipation arise in your spirits. It’s the Mother Load!

He said 2 months & I’ll come. I shall come with Glory, I shall come with power. How long I stay depends on how I’m received. If I’m only received as a guest I will only stay but for a time. If I am received as the owner I shall bring about such a shift, such a shaking that this city & this nation shall never be the same. There’s a transformational anointing that God is releasing.

The Lord says; "I will break in pieces the religious spirit that has sought to withhold my presence over this town. Even as the idol of the Philistines fell to the ground before my presence & his hands & head were broken, even as the step of the temple was permanently infected with my presence to such a degree that the servants of the enemy will never stand there again. So shall it be ... for I shall release rain & I shall release glory & I shall release power of historic proportions. Historic proportions!! There shall be many that come to this place that declare prophetic declarations not only over this nation but over Europe for what shall break loose in this place shall break loose into Europe. For the Lord says I shall use you to plant churches in France & you shall break France open & that religious spirit shall break" says God. No longer shall they live under the shadow of a form of power that denies the authenticity of the kingdom. The authentic is coming."

I see this car park so full people are parking up the streets. I see hundreds being turned away because they can't get into the meeting. The Lord says "they shall queue for hours just to get before my throne & because of their hunger for me I shall surely visit them in the car park. I shall surely visit them in the queue. I shall visit them in their workplace." The Lord says "what I shall do in this place shall be broadcast over radio, shall be broadcast over the television. No longer will the mountain of the Lord be hidden but it shall be exalted above every other mountain." The Lord says "Every knee shall bow, every tongue confess. For there has been a season says God, that you've sang nice songs on the streets & you've seen a measure of breakthrough, but the seasons coming, says the Lord, that you'll no longer sing songs but you'll reveal my face. And there shall come a great fear upon this city & I shall break & shatter into pieces the idolatry & serving of false God's."

"For I've seen the longings of your heart, I've seen your petitions & I've seen your tears" says God. "And not one of them has fallen upon deaf ears, but this day I've sent my angels & they are preparing the way for my arrival. I'm not sending a man but I'm coming myself" says God.

I prophecy a birthing of a bible school of a totally different order. It shall be a mission school that sends men & women to the nations. The Lord says "Focus on France for France shall break open. Focus on France for France shall break open. Focus on France for France shall break open."
